## TERMS and CONDITIONS

### 2. Authorized Site and Users

ASCE grants to the Subscriber and Authorized Users at the Subscriber's Authorized Site online access to the Online Journals for which the Subscriber maintains a current subscription to the print, CD ROM, or online version thereof. This grant extends only to the Subscriber and such Authorized Users individually and may not be transferred to, or extended to, others. For purposes of this License, an "Authorized Site" is a localized site (one geographical location) that is under a single administration. For an organization with locations in more than one city, each city is considered to be a different site. For an organization that has multiple locations in the same city that are administered independently, each location is considered to be a different site. No access from remote campuses or remote sites and no consortia or other forms of subscription sharing are allowed under this License. (If you are seeking online access for multiple sites, please contact the ASCE Publications Marketing Department at [marketing@asce.org](mailto:marketing@asce.org) or phone [REDACTED])

"Authorized Users" means only the employees, faculty, staff, and students officially affiliated with the Subscriber at the Authorized Site, and persons with legal access to the library's collections and facilities at the Authorized Site, using an IP address within the range identified in the Appendix (page 5). Authorized Users may be persons remote from the Subscriber's physical location whose access is administered from the Authorized Site, but not persons at remote sites or campuses with separate administrations. For example, an employee of the Subscriber may be considered to be an Authorized User when accessing the Subscriber's network from home or while traveling to another city; however, employees of a branch campus or facility in another city are not considered to be Authorized Users.

The Subscriber will exercise reasonable vigilance and shall be responsible for all access control and security measures necessary to ensure that the Subscriber's IP addresses are not used to access the Online Journals by other than Authorized Users. The Subscriber warrants and represents that common and reasonable methods will be used to inform Authorized Users of general terms and conditions for the use of online information products that are consistent with this License. Furthermore, the Subscriber will make every attempt to enforce the terms of this License upon receiving information from ASCE or any other source that reasonably indicates that one or more Authorized Users is in violation of the terms of this License.

### 3. IP Addresses

Authorized Users will be recognized and authorized by their Internet address. IP addresses and/or address ranges for the Subscribing Institution are indicated in the Appendix.

### 4. Permitted Use

The Subscriber and Authorized Users are permitted online access to the Online Journals indicated in Section 1, and may download, save, or print text, search results, or other information from the Online Journals solely for the private use or research of the Subscriber and the Authorized Users. The Subscriber and Authorized Users may only use this online access in a way that conforms with all applicable laws and regulations.

ASCE grants the Subscriber and Authorized Users permission for brief quotations from the content of Online Journal articles with the customary acknowledgment of the source, and to copy and transmit content from individual Online Journal articles in "person-to-person" and non-systematic scholarly exchanges of information between Authorized Users and specific individuals.

Using secure electronic, paper, or intermediated means such as Ariel, Licensee may fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan. Licensee agrees to fulfill such requests in compliance with Section 108 of the United States Copyright Law (17 USC §108, "Limitations on exclusive rights: Reproduction by libraries and archives") and the Guidelines for the Proviso of Subsection 108(2g)(2) prepared by the National Commission on New Technological Uses of Copyrighted Works.

The Subscriber specifically agrees that use by the Subscriber or Authorized Users other than indicated above is a violation of the terms of this License.

### 5. Prohibitions on Certain Uses

Other than those uses permitted under Section 4: Altering, recompiling, systematic or programmatic copying, reselling, redistributing, publishing or republishing of any journal text, output, search results, or other information from the Online Journals, or any portion thereof, including without limitation, copyright, proprietary and/or other legal notices contained therein, in any form or medium is prohibited. Systematic or programmatic downloading (for example, downloading entire journal issues), service bureau redistribution services, printing for fee-for-service purposes and/or the systematic making of print or electronic copies for transmission to non-subscribers or non-subscribing institutions are prohibited. Downloading portions of the Online Journals for the purpose of creating pre-loaded systematic and persistent local copies (not including transient, dynamic caches of individually requested material) for redistribution is prohibited. All rights not expressly granted are reserved to ASCE. The Subscriber and Authorized Users may not circumvent ASCE's access control systems or use ASCE's systems or services to make any attempt to gain unauthorized access to any other system or network.

ASCE shall not be required to distribute, and Subscriber shall not redistribute any Online Journal included therein to a country where the export thereof is prohibited by U.S. law or regulation.

### 6. Duration of License

This License will become effective on receipt by ASCE of the License signed by an authorized agent of the Subscriber, and, subject to the terms and conditions of this License, will remain in effect while the Subscriber maintains a current paid print or online subscription to the Online Journal(s). This License will terminate:

- a) Subject to (b.) and (c.) below, if the print or online subscription lapses (termination is effective at the end of the paid subscription period).
- b) Following thirty (30) days' prior written notice that any term or condition of this License is violated for any reason, knowingly or unknowingly, provided that violation is not remedied with all reasonable haste upon notification. The foregoing notwithstanding, ASCE reserves the right to suspend access to the service immediately upon detecting a breach of this License. ASCE will use reasonable effort to notify the Subscriber as soon as possible, usually within three (3) days of any such suspension of service, by sending e-mail to the address you supplied in Section 1.
- c) Following thirty (30) days' prior written notice by ASCE of any change in the terms of this License, receipt by ASCE of notice from the Subscriber in writing, or by e-mail or by fax that the Subscriber does not accept such change or changes. (In the absence of any such objection by Subscriber, ASCE's new terms shall apply.) This License shall renew automatically for the term of any Print or Online Subscription upon receipt by ASCE of payment for that subscription.

## **7. Copyright**

The Online Journals and their content, including abstracts, are copyrighted by ASCE. The Online Journals are subject to all applicable copyright, database protection and other rights of ASCE under the laws of the United States and other countries. Copyright notices in the Online Journals may not be removed, obscured, or modified in any way. Unauthorized copying or redistribution of any ASCE Journal content is a violation of copyright laws.

## **8. Failure of Performance**

Following online access approval, the Subscriber and Authorized Users will be permitted to attempt online access to the Online Journals at any time. ASCE, however, will not be liable for any delay, downtime, transmission error, software or equipment incompatibilities, force majeure or other failure of performance. ASCE will use commercially reasonable efforts to correct any material performance problem brought to its attention and may suspend performance pending such corrections.

## **9. Official Version of Record**

ASCE will use commercially reasonable efforts to ensure that the online versions of the journals correspond in content with the print versions, but ASCE does not guarantee that they do. In the event of any discrepancy between the print and online versions, the print version will be the official version of record.

## **10. Usage Rights of Lapsed Subscribers**

ASCE will use reasonable efforts to retain in an archive all electronic information published by the American Society of Civil Engineers. The Subscriber will be given the option to purchase a physical archive copy, for example a CD-ROM, of the content in the Online Journals, published during the term for which a paid subscription was maintained. The Subscriber will be permitted to copy that content from the physical archive copy to the institution's information systems and redistribute that content to Authorized Users within the Authorized Site. Any hardware or software required to distribute content from the archive copy will be the responsibility of the Subscriber. The definitions of Authorized Site, Authorized Users, and allowed and prohibited uses as provided in this License shall otherwise apply to the use of the archive copy. Upon lapse of subscription, no additional service is provided. Lost or damaged physical archive copies will be replaced with copies in the then-current format for a reasonable fee; otherwise, back issue physical copies in the then-current format will be made available at the then-current pricing schedule.

## **11. Disclaimer of Warranties; Limitation of Liability; Indemnification**

Warranty: Subject to the Limitations set forth elsewhere in this Agreement:

Licensor warrants that it has the right to license the rights granted under this Agreement to use Licensed Materials, that it has obtained any and all necessary permissions from third parties to license the Licensed Materials, and that use of the Licensed Materials by Authorized Users in accordance with the terms of this Agreement shall not infringe the copyright of any third party.

Licensor warrants that the physical medium, if any, on which the Licensed Materials is provided to Licensee will be free from defects for a period of ninety (90) days from delivery.

Limitations on Warranties: Notwithstanding anything else in this Agreement:

Neither party shall be liable for any indirect, special, incidental, punitive or consequential damages, including but not limited to loss of data, business interruption, or loss of profits, arising out of the use of or the inability to use the Licensed Materials.

Licensor makes no representation or warranty, and expressly disclaims any liability with respect to the content of any Licensed Materials, including but not limited to errors or omissions contained therein, libel, infringement of rights of publicity, privacy, trademark rights, moral rights, or the disclosure of confidential information.

Except for the express warranties stated herein, the Licensed Materials are provided on an "as is" basis, and Licensor disclaims any and all other warranties, conditions, or representations (express, implied, oral or written), relating to the Licensed Materials or any part thereof, including, without limitation, any and all implied warranties of quality, performance, merchantability or fitness for a particular purpose. Licensor makes no warranties respecting any harm that may be caused by the transmission of a computer virus, worm, time bomb, logic bomb or other such computer program. Licensor further expressly disclaims any

warranty or representation to Authorized Users, or to any third party.

Indemnities: The Licensor shall indemnify and hold Licensee and Authorized Users harmless for any losses, claims, damages, awards, penalties, or injuries incurred, including reasonable attorney's fees, which arise from any claim by any third party of an alleged infringement of copyright or any other property right arising out of the use of the Licensed Materials by the Licensee or any Authorized User. NO LIMITATION OF LIABILITY SET FORTH ELSEWHERE IN THIS AGREEMENT IS APPLICABLE TO THIS INDEMNIFICATION.

Each party shall indemnify and hold the other harmless for any losses, claims, damages, awards, penalties, or injuries incurred, including reasonable attorney's fees, which arise from any alleged breach of such indemnifying party's representations and warranties made under this Agreement, provided that the indemnifying party is promptly notified of any such claims.

**12. General**

This License constitutes the entire agreement between the parties and supersedes any prior communication between the parties with respect to the subject matter hereof. The headings used in this License are for convenience only and are not to be considered in construing the terms of this License. Subject to termination under Section 6, this License may be amended only by consent (via mail, email, or fax) of both parties. Subscriber may not make any changes to this License without written consent by ASCE.

The Subscriber must pay any applicable taxes (including but not limited to any applicable Value Added Taxes, Sales Taxes, and Import Taxes) other than taxes on ASCE's net income, arising out of the Subscriber's use of the Online Journals and/or the rights granted under this License.

The Subscriber may not assign or transfer its rights under this License. The provisions of Sections 2, 4, 5, 7, 9, 10, 11, and 12 hereof shall survive any expiration or termination of this License.

This License will be governed by, and construed in accordance with, the laws of the State of California, applicable to contracts entered into and fully performed in the State of California. An action arising out of, or relating to, this License or any of the Online Journals shall be brought in courts situated in San Diego County, California and the parties consent to the jurisdiction of such courts.

**APPENDIX  
INSTITUTIONAL IP ADDRESSES/RANGES**

ASCE has enabled IP-address-based access control for institutional subscribers. Each computer that accesses the Internet is assigned an IP address,

commonly represented as four number groups separated by dots (e.g., 192.58.150.10). All computers on a local area network, or subnet, may have the first two or three number groups in common. Access to ASCE journal(s) from your institution's Authorized Site will be provided based on the IP addresses and/or ranges you provide. (It is recommended that you consult with your network administrator to determine your IP addresses, subnets, and other critical information about your institution's network configuration.) IP addresses for locations other than the Authorized Site will not be accepted under this License; if you are seeking online access for multiple sites, please contact the OJPS Customer Service Office at [REDACTED]

ASCE will accept up to ten IP addresses and/or ranges (Class B, Class C, and single station) via this form (attach additional sheets as necessary). Note that Class B requests will be subject to additional review by ASCE Technical Staff. Please contact the OJPS Customer Service Office (see above) if you need to register a proxy or caching server, or if you have any additional questions. You may also consult the ASCE Web site (<http://www.ASCE.org/ojs/register.html>) for additional information on registering for online access.

All information provided regarding your IP addresses will be verified by ASCE, and your network contact (which must be provided below) will be contacted if additional clarification is necessary.

Please type your IP addresses/ranges in the following formats [please contact the OJPS Customer Service Office (see above) if you require assistance]:

Class B Network: Enter the first two (network) numbers and use asterisks for the host addresses, i.e., 128.58.\*.\*

Class C Network: Type the first three (network) numbers and an asterisk for the host addresses, i.e., 192.58.150.\* (ranges are acceptable; type 192.58.150.\* - 192.58.152.\* to indicate Class C ranges)

Single Station(s): Type all four numbers, i.e., 192.40.158.10 (ranges are acceptable; type 192.58.150.10 - 192.58.150.30 to indicate ranges of single stations)

**IP Addresses and/or Ranges: Attached**

Please enter your fully qualified domain name [the one registered with the Internet Corporation for Assigned Names and Numbers (ICANN)]:

Please provide the following required network contact information: Name: Christine Petersm

Telephone [REDACTED] FAX [REDACTED] E-mail Address: [REDACTED]

Please check here if additional IP addresses are listed on attached sheet(s). x
