

# The San Diego Technology Archive

<http://libraries.ucsd.edu/sdta>

Tracey Hughes, Project Manager  
San Diego Technology Archive  
History, Ethnic Studies & Literature Graduate Students  
Introduction to the San Diego Technology Archive  
April 2011

# Overview of the SDTA

- ⦿ Documents history, formation, and growth of companies and affiliated entities comprising the “Technology Clusters” of San Diego
  - (1) Life Sciences
  - (2) Telecommunications
  - (3) Software/Information Technologies
- ⦿ Intended audience for SDTA include:
  - Academic researchers
  - Historians
  - Employees of companies and investment entities
  - Individuals with an interest in San Diego’s business environment for technology and innovation

# Current Status for SDTA

- ◉ 3 oral histories online (text & audio)
- ◉ Corporate family tree
- ◉ Timelines/significant achievements
- ◉ 4 forthcoming by end of quarter
  - Earlier if you can help!
  - Can use these if you agree to:
    - Sign a statement that the materials are not in final form
    - Final use of the materials in a published paper is subject to our final approval
    - Use them in Tracey's office only

# Check it out!
