The UC San Diego Library’s Online Catalog, Roger, is available at: roger.ucsd.edu

Use Roger to find out if the Library owns an item, for both print and electronic versions of publications. If the item you are looking for is part of the Scripps Institution of Oceanography (SIO) Collection, you will need to use the Request feature to access that item, since the SIO Library building closed on June 29, 2012.

**Step One:** Find the item you are looking for in Roger. Use a Keyword search, or a Title search if you are sure of the book or journal title (no articles are listed in Roger, only links to electronic journals and books).

![Roger Image]

**Step Two:** Click on the Request button at the top of the screen.

![Request Screen Image]

**Step Three:** Enter your library account number (long number on the back of your UCSD ID card) and your PIN on the next screen. If you do not have a PIN, follow the instructions from the “Creating a PIN” link at the bottom of that box.
Step Four: Select a “Pickup Location” for the item you are requesting, e.g. SIO Campus, or Geisel Circ Desk or BML (Biomedical Library) Circ Desk.

Please note that the “SIO Campus” location is for current SIO faculty, staff and students only, you will be required to show your SIO ID to pick up the items at that location.

The current location for book pick-ups and returns on the SIO Campus is in the Old Scripps Building (OSB), first floor, room 10.

In most cases, items you request will be available for pickup within 1-2 days. Please return the items you checked out to OSB room 10, or the Geisel Library on upper campus.

If you have questions about requesting items, or would like help using the online catalog, Roger, or any of the Library databases, please contact Amy Butros, abutros@ucsd.edu
