Hotel del Coronado, Showing Sea Wall

HOTEL DEL CORONADO offers so many advantages to its guests that it is doubtful if it is excelled by any other hotel in the world. As a resort it is unsurpassed for comfort, convenience and cuisine. The following facts are not overstated in any particular:

☐ The climate of Coronado has no superior, not excepting Egypt, Algiers, Italy and the South of France. It is a climate of perpetual summer from January to December, entirely free from extremes of either heat or cold.

☐ The hotel stands in its own semi-tropical grounds, right on the edge of the Pacific Ocean. The views from the hotel are beautiful, covering the bay, ocean and mountains, a combination not unlike Naples in Italy.

☐ The hotel offers many amusements for its guests. Its polo fields and stabling accommodations for polo have a world-wide reputation. New eighteen-hole golf course. Splendid cement tennis courts. Sea bathing all the year 'round. Salt plunge (just enlarged). Hot and cold salt water baths. First-class saddle horses. Hundreds of miles of fine new automobile roads. Good garage and auto livery. Best of fishing and sailing.

☐ Indoor amusements include four new bowling alleys, a large number of billiard tables, as well as games for women and children. San Diego is a naval rendezvous. Some ships almost always in port. The weekly dancing parties and grand balls at the hotel are brilliant affairs.

☐ The City of San Diego is close by and offers unusual advantages for shopping, theaters and amusements.

☐ Hotel del Coronado can be reached by any railroad in the United States via Los Angeles, and by three lines of steamers from San Francisco and Los Angeles. A new through train de luxe is now running between San Diego and San Francisco over the Santa Fe, both ways daily. Hotel bus and representative meet all trains. American plan; \$4.00 per day and upwards.
