BRADNER, HUGH 1915-2008

Hugh Bradner Papers, 1969-1982

Bulk Dates: 1975-1979

Extent: 4 mss, 1 Lmss

Description: The collection includes material on the National Science Foundation International Phase of Ocean Drilling (IPOD) Science Blue Ribbon Panel. Bradner was a member of the Panel in 1979. It also includes copies of NSF IPOD Deep Sea Drilling Program Reviews for the period 1973-1979.

The collection includes five inches of material on the DUMAND (Deep Underwater Muon and Neutrino Detection) Working Group for the period 1976-1982.

The collection includes material on the Geophysical Institute Advisory Committee, 1974-1982.

The collection includes correspondence exchanged by Bradner and representatives of the Research Corporation concerning Bradner's patent and application for patents for a suntan cream. This correspondence is dated 1968-1982.
