SCRIPPS INSTITUTION OF OCEANOGRAPHY ARCHIVES

Craig, Harmon Bushnell 1926- 2003

Harmon Bushnell Craig Papers, 1948-2003

Physical Description: 21 mss

Description: The accession includes correspondence, subject files, student notes, manuscripts and reprints of publications by Harmon Craig and reprints of publications by others collected by Craig. The accession includes Harmon Craig's dissertation and student notes from the University of Chicago, including notes for chemistry courses taught by Harold Urey, Nathan Sugarman and others. The accession includes field notes from Wyoming in 1948, laboratory notebooks from the University of Chicago, and Craig's lecture notes for a course in isotopic thermodynamics at the Scripps Institution of Oceanography. The accession includes papers, a film, and subject files documenting GEOSECS.
