Harmon Bushnell Craig Slides, 1949-1980

Physical Description: 1 mss with 743 35mm slides

Description: The accession includes 743 35mm color slides taken or collected by Harmon Craig on his field trips and expeditions. The slides were received in carousels, and each carousel was labeled with the name and date of the expedition. The slides include material documenting Craig's University of Chicago 1949 summer field expedition to Wisconsin and Wyoming, including many views of Yellowstone Park. The accession documents Scripps Institution of Oceanography expeditions including Nova 1967, Antipode 1971, GEOSECS 1973. The accession documents several other GEOSECS cruises including Atlantic GEOSECS 1972 and GEOSECS Indian Ocean, 1978. The accession documents several of Craig's field trips to Africa, including Lake Tanganyika 1973, Lake Tanganyika 1975, Ethiopia 1976, Nairobi and Djibouti 1979-1980. The slides include a few images of parties, including the retirement party for Scripps Institution of Oceanography marine technician Frederick S. Dixon and Harold Urey's birthday in 1973.
