Enns, Theodore 1916-1982

Theodore Enns Papers, 1945-1981

Bulk: 1962-1981

PHYSICAL DESCRIPTION: 2 record center cartons

DESCRIPTION: The papers include correspondence, notes, laboratory notebooks, subject files, proposals, manuscripts and other material documenting the work of Theodore Enns, research physiologist and lecturer in Marine Biology at Scripps. The material largely concerns Enns' career at Scripps, but does include some papers documenting his work at the Johns Hopkins School of Medicine and as a Guggenheim Fellow and Fullbright Award Recipient working at the Institute of Zoophysiology in Oslo, Norway.
