SCRIPPS INSTITUTION OF OCEANOGRAPHY ARCHIVES

Scripps Institution of Oceanography. Academic Personnel

SIO Academic Personnel Records, 1959-1985

Physical Description: 7 mss

Student and Personnel records are restricted in accordance with law and University policy.

Description: The accession consists of files of the SIO Academic Personnel Office including files on policy and programs and scholars. Most of the material in this accession dates from the period of William Nierenberg's administration as director of the Scripps Institution. The files include cooperative agreements between Scripps and other organizations, such as the Joint Commission on Scientific and Technical Cooperation between the U.S. and USSR which related to the exchange of scholars in the 1970's. There are several files with codes suggesting they were once part of the SIO Office of the Director files. There are files on organized research units within Scripps and files on visiting scholars and post-doctoral academics. The accession includes lists of academic personnel, accreditation reports and statistics, and information on U.S. science policy and science manpower reports.
