

Physical Description: 9mss, 1Lmss

Description: The accession consists of records documenting ship acquisition, operation, maintenance and sale, expedition records and business records of the SIO Nimitz Marine Facility.

The Scripps Institution of Oceanography established Marine Facilities in 1948 to operate the institution’s oceanographic fleet. In 1965, Scripps acquired land for port facilities on Point Loma. This became the headquarters of Marine Facilities, which was renamed Chester W. Nimitz Marine Facilities.
