Scripps Institution of Oceanography Photographic Laboratory

SIO Photographic Laboratory Photographs, 1970-2003

Physical Description: 23 mss, 18 Lmss

Description: The accession consists of slides, prints and negatives taken by the SIO Photographic Laboratory 1970 -2000, but largely between 1995 and 2000. The images consist largely of color slides of the Scripps campus, but also include both color and black and white prints and negatives of Scripps events, cruises, faculty and staff.

This collection has title-only images and numbered images with and without titles. The numbered images refer to an SIO Photographic Laboratory numbering scheme. Images were recorded in a log book, for images numbered 1 to 6630. Those numbered images and log books are in SIO Photographic Laboratory, Photographs 1949-1997 [Collection 85-8]. A spreadsheet of these log book entries, plus the log books themselves, are available via Scripps Archives.

The SIO Photographic Laboratory was established in 1949 to provide photographic services to the SIO community. Staff photographers photographed instruments, ships, events, people and campus scenes at the request of SIO Offices. The Photographic Lab closed in 2000, and its collections were transferred to the Scripps Archives and added to accession 85-08, with the exception of the most recent images, which were transferred to the Scripps Multi Media Group (Chuck Colgan) for use in Scripps publications. In 2003, the Multi Media Group transferred this material to Scripps Archives.
