Sclater, John George 1940-

John George Sclater Papers, 1972-1990

PHYSICAL DESCRIPTION: 6 archives boxes

DESCRIPTION: The collection consists of the professional correspondence of oceanographer and geophysicist John G. Sclater up to 1990. The files document Sclater's scientific work at MIT (1972-1983) and the University of Texas (1983-1991). The collection does not document Sclater's education at Edinburgh University and Cambridge University, nor does it include information from his years at the Scripps Institution of Oceanography (1965-1972; 1991- ).
