Accession No.: 96-11

PROCESSING RECORD
Scripps Institution of Oceanography Archives

Stokes, M. (Malcolm) Dale 1967-

Malcolm Dale Stokes Papers, 1990-2013

SMC 31

Physical Description: 2 record center cartons

Restrictions: Correspondence closed under terms of deed of gift for 50 years from July 25, 1996.

Description: The accession consists of the papers of Scripps Institution of Oceanography graduate student Malcolm Dale Stokes. The papers include correspondence, photographs, student notes, course materials, calendars and other papers which document his experiences as a graduate student at the Scripps Institution of Oceanography. Course materials from students offer insights into SIO professors’ portrayal of current research and advancements. Includes later materials.
