Mizuki Tsuchiya Papers, 1962-2004

Physical Description: 13 mss, ½ mss, 1 shoe box, 1 card box, oversize, slides

Description: The accession consists of the papers of physical oceanographer Mizuki Tsuchiya documenting his work as a scientist. The accession includes student notes and lecture notes, correspondence, manuscripts of scientific papers, translations, documentation of expeditions, maps and data. The accession consists largely of material in English, with some student notes and correspondence in Japanese. The accession includes slides of expeditions and data. The accession includes material relevant to Indopac expeditions and CalCOFI and WOCE cruises. The accession includes index files of names, addresses and references.
