5TH FLOOR

Geisel Floor 5 Wayfinding

Geisel Floor 5 Locations

Location	Description	Wayfinding
Study Carrels (4)	Study carrels are located along all four exterior walls with windows.	Exit the elevator. Head in any direction, directly towards an exterior wall of your choosing to find one of four study carrel sections.
Call Numbers A - BS	Book stacks with call numbers A-BS are located directly across from the elevator, with call numbers increasing from left (A) to right (BS) as you exit the elevator.	Exit the elevator and head straight to reach the book stacks with call numbers A-BS.
Call Numbers BT - DF	Book stacks with call numbers BT to DF are located directly in front of the study rooms, perpendicular to the elevator exit. Call numbers increase from left (BT) to right (DF) when facing the exterior walls.	Exit the elevator and turn right, following the curved corner of the concrete right hand wall. You will approach book stacks from starting from call number BT, increasing to DF as you continue forward.
Call Numbers DG - E	Book stacks with call numbers DG to E are located on the opposite side of the elevator and call numbers A to BS. Call numbers increase from left (DG) to right (E) when facing the exterior wall.	Exit the elevator and turn right, following the curved corner of the concrete right hand wall. Continue past the book stacks with call numbers BT to DF and turn right again, to reach the bookstacks with call numbers DG. Continue straight for call numbers leading up to E.
Call Numbers E - F	Book stacks with numbers E to F are located directly across from the water station and entrance to men's and women's bathrooms. Call numbers increase from left (E) to right (F) when facing exterior walls.	Exit the elevator and turn left to approach book stacks with call numbers F. Continue to walk forward for book stacks decreasing towards call number E.
Study Room 518	Study room 518 is located first among a row adjacent to book stacks with call numbers BT to DF. It is the left most room on the row when facing the exterior walls.	Exit the elevator and turn right and continue straight through the book stacks with call numbers BT until you reach the row of study rooms. 518 is the first one in the row.
Study Room 519	Study room 519 is located first among a row adjacent to book stacks with call numbers BT to DF. It on the left hand side the	Exit the elevator and turn right and continue straight through the book stacks with call numbers BT until you reach the

	row when facing the exterior walls.	row of study rooms. 519 is the second one in the row.
Study Room 521	Study room 521 is located first among a row adjacent to book stacks with call numbers BT to DF. It on the right hand side the row when facing the exterior walls.	Exit the elevator and turn right and continue straight through the book stacks with call numbrs BT until you reach the row of study rooms. Continue moving down the row, along the exterior wall toward book stacks call number DF to reach room 521.
Study Room 522	Study room 522 is located first among a row adjacent to book stacks with call numbers BT to DF. It on the right hand side the row when facing the exterior walls.	Exit the elevator and turn right and continue straight through the book stacks with call numbrs BT until you reach the row of study rooms. Continue moving down the row, along the exterior wall toward book stacks call number DF to reach room 522 at the very end corner.
