

The UC San Diego Library's Online Catalog, Roger, is available at: roger.ucsd.edu

Use Roger to find out if the Library owns an item, for both print and electronic versions of publications. If the item you are looking for is a print item at Geisel Library or Biomedical Library buildings, and you are based at Scripps Institution of Oceanography (SIO), you can use the **Request** feature to have the item delivered to the SIO campus "Pickup Location".

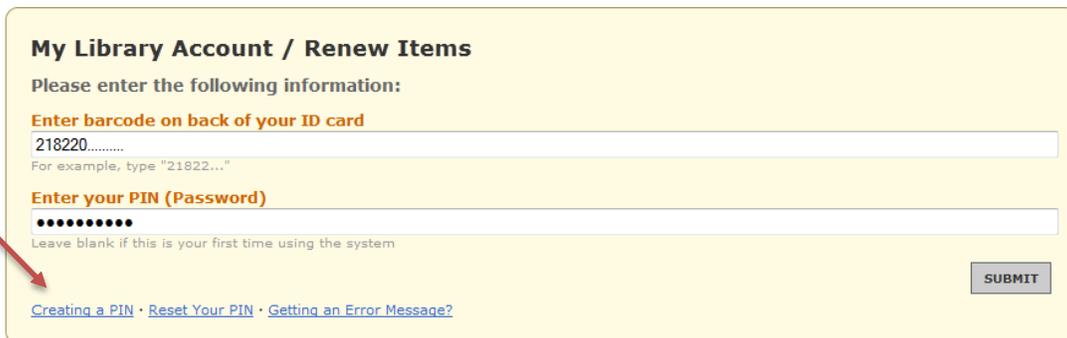

Step One: Find the item you are looking for in Roger. Use a **Keyword** search, or a **Title** search if you are sure of the book or journal title (no articles are listed in Roger, only links to electronic journals and books).

The screenshot shows the Roger library catalog interface. At the top, there's a navigation bar with "Roger" and "The UC San Diego Library Catalog". Below that are links for "Course Reserves", "My Library Account", and "Renew". A search bar contains "Limnology and oceanography" and "All Collections". The search results show "Record 2 of 3" for "Limnology and oceanography". Under "Get it Online", there are links for Wiley Online Library and JSTOR. Under "Get it in Print", there's a table with columns for Location, Call Number, Status, and Request.

Location	Call Number	Status	Request
Offsite (Annex-Journals)	GC1 .L5 v.1	AVAILABLE	Request
Offsite (Annex-Journals)	GC1 .L5 v.2	AVAILABLE	Request
Offsite (Annex-Journals)	GC1 .L5 v.3	AVAILABLE	Request

Step Two: Click on the Request button at the top of the screen, or to the right of the call number.

The screenshot shows a form titled "My Library Account / Renew Items". It asks for the following information:

- Enter barcode on back of your ID card:** A text input field containing "218220.....". Below it, it says "For example, type '21822...'"
- Enter your PIN (Password):** A text input field with masked characters ".....". Below it, it says "Leave blank if this is your first time using the system".

At the bottom right is a "SUBMIT" button. At the bottom left, there are links: "Creating a PIN", "Reset Your PIN", and "Getting an Error Message?".

Step Three: Enter your library account number (long number on the back of your UCSD ID card) and your PIN on the next screen. If you do not have a PIN, follow the instructions from the "Creating a PIN" link at the bottom of that box, or the "Reset Your PIN" if you can't remember your PIN password.

Requesting "Climate change and biodiversity / edited by Thomas E. Lovejoy and Lee Hannah "

All **red*** labeled fields must be filled in. Your request might be delayed if we have to contact you for additional information.

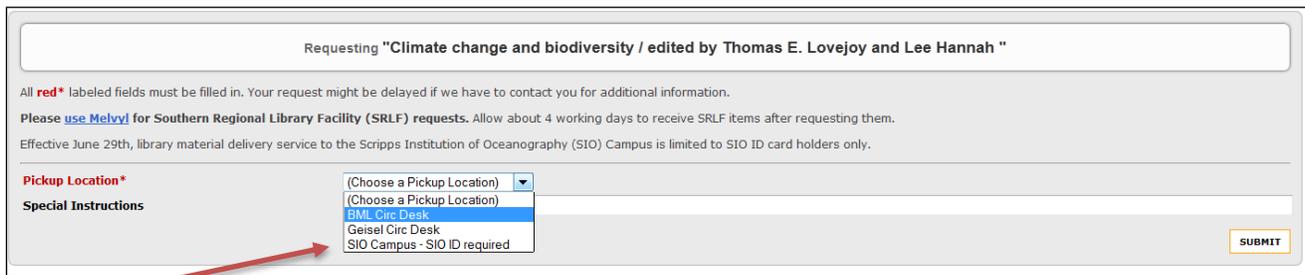

Please [use Melvy](#) for Southern Regional Library Facility (SRLF) requests. Allow about 4 working days to receive SRLF items after requesting them.

Effective June 29th, library material delivery service to the Scripps Institution of Oceanography (SIO) Campus is limited to SIO ID card holders only.

BML Circ Desk
Geisel Circ Desk
SIO Campus - SIO ID required

Special Instructions

SUBMIT

Step Four: Select a "Pickup Location" for the item you are requesting, e.g. SIO campus (if you are a current SIO student, or faculty/academic/staff based at SIO), or Geisel Circ Desk, etc.

Please note that the "**SIO Campus**" location is for SIO faculty, staff and students only, you will be required to show your ID to pick up the items at that location (Eckart building).

In most cases, items you request will be available for pickup within 1-2 days. Please return the items you checked out to the Geisel Library Building, or the same location where you picked them up.

If you have questions about getting a Library Card, managing your Library Account, or for more information on borrowing items from the UC San Diego Library, please see:
