

Your Chance For Dignity!!

GREETING FARM WORKERS TO WHOM HE HAS PLEDGED HIS LIFE'S WORK IS MSGR. RICHARD O'KEEFE OF YUMA, ARIZONA.

As a Catholic priest dedicating my life to God and extending a helping hand to people who need help I have devoted all my efforts over the past several years to helping the farm workers — a group of people historically and traditionally downtrodden in the Southwest.

I know what your minority has gone through — I went through the same trials and agonies in my native Ireland . . . But now, after studying, living with, working with, crying with, sharing and laughing with thousands of farmworkers in California and Arizona I see hope. Hope, and peace and decency, dignity and greater rewards for the farm worker in the future — with a union!!

A Great Opportunity

I know the tactics of the UFW and Chavez very well. And I know what the Teamsters Union has done, and continues to do for the farm worker. Together with the Teamsters farm workers have a great opportunity to be pulled up alongside the great class of well-paid, respected working people vital to this country.

I have witnessed the Teamsters Union look after the welfare of farm workers for years and farm workers are working people with needs that a good, hard-working labor union like the Teamsters can satisfy — democratic, free, honest unionism. The Teamsters is the union willing and able to help farmworkers to attaining a dignified working life.

Help for the Life You Deserve

The Teamsters Union has played a great part in helping the United States become a wealthy nation. A nation where the majority lives well, eats good food, retires in comfort and is cared for. Over two million people in hundreds of types of work have been helped to a good life by the Teamsters. And now farm workers can trust the Teamsters to continue helping them to this life that you and your families deserve.

Reach Out

This is your chance. I urge you to take it. The Teamsters is the union for the farmworkers in this land of ours. Do not be misled. If you have the chance vote for the Teamsters. The Teamsters is stretching out its hand to help you and your family . . . grasp it firmly for a better life.
