To All Farm Workers:

I extend my warmest greetings and take this opportunity to recommend to all farm workers who will work in the agricultural camps, that the Teamsters Union has made untiring efforts to upgrade their membership. These efforts have gained world-wide recognition for the Teamsters Union while gaining many benefits for its members.

The members who make up the "Sindicato" have had close labor relations with the Teamsters Union since our organizations are similar, as our letterhead bears out, and we have acknowledged that all the workers of Mexican decent as well as those who have emigrated to the United States to have absolute faith in the Teamsters Union.

Messers. Pete Baclig, Bernie Calantas, Ernie Tafalla, Tule Mohammed Abdulla, Frank Mendoza, Carol Cook, and Jim Easley, in their roles as organizers, have helped bring about many improvements and increased benefits to the farm workers. Therefore, I ask that you take into consideration the next election regarding the various farms so that you may gain better benefits which will improve your level of living.

We are encouraged by the successful organization of labor camps by the Teamsters Union, whose more than two million members can't be wrong.
