

NON-VIOLENCE

*Non violence and cowardice  
go ill together. I can imagine a fully  
armed man to be at heart a coward.  
Possession of arms implies an element  
of fear, if not cowardice. But true  
non violence is an impossibility  
without the possession of unadulterated  
fearlessness*

GANDHI

*At Christmas we remember the  
birth of Christ, the Prince of Peace.  
Christ taught that without justice  
there can be no peace. Until every  
person lives in dignity, none of us  
can live in peace.*

*Help us obtain justice for the  
farm worker. Call your local  
United Farm Worker office or  
write me to see how you can help.*
