

Stop The Dues Now

Governor Brown's Law Will Break Sweetheart Contracts

Contracts made against the will of the workers are not worth scrap paper. They pretend to serve the worker but they take away the right to choose. The **Teamster Sweetheart Contracts** were signed behind the backs of the workers. They came in and did the choosing without giving us a say in who represents us.

But everything has its time. And the time of the old time bosses is gone. If we are really honest with ourselves we can see that this is not the kind of organizing that we want. We want a fair share in negotiating our own contracts.

Governor Brown's new farm-worker law is going to guarantee us the right to break the **Teamster Sweetheart Contracts** by giving us the chance of electing the decent and honest representation that we need.

But we can start right now by not paying these bootleggers any more protection money. We got to stop paying dues.

And we know that when elections come the **Teamster Sweetheart Contracts** that are hanging like nooses around our necks are going to be lifted and we are going to see the beginning of a brighter future for our families.

**STOP
THE
DUES!!!**

**We Want
Just
Representation!!!**
