

WHY ARE FARM WORKERS

GATHERED ON THE AVENUE OF THE STARS?!

We are here to expose the corrupt nature of the anti-14 campaign:

- The anti-14 campaign is financed by big growers, oil companies and land speculators (for example, Superior Oil Co., Newhall Land Co., Irvine Land Co. & So. Pacific Railroad).
- These giant corporations are spending \$2 million to lie to people on radio and TV. They are trying to deceive the public into believing that Prop. 14 is an attack on everyone's property rights.
- These same corporations are trying to hide their interest in Prop. 14 through fraudulent campaign practices.

What does all this have to do with Century City & the Avenue of the Stars?

Mr. Wm. Keck, Jr. has his office at 1801 Ave. of the Stars.

Mr. Keck gave \$5,000 to the anti-14 campaign. Mr. Keck is a Board member of Superior Oil, which gave \$3,000 to the anti-14 forces.

In Sacramento, today, charges are being filed against Mr. Keck and other anti-14 violators of the Political Reform Act of 1974.

Superior Oil is not a small farmer! Century City is not where small farmers have their offices!

Don't let the big corporations get away with their big lie!
