Resolution 1: INCREASING WAGES FOR FARM WORKERS IN TEXAS

WHEREAS we farm workers are paid very low wages and the cost of living increases daily,

WHEREAS the agricultural industry in Texas is one of the richest in the nation, built on the sacrifices of the workers, yet Texas has a higher rate of poverty among farm workers than any other state, due to the unjust wages paid by the agricultural industry,

WHEREAS, besides the low wages, the growers and crewleaders also reduce our income more by pocketing our social security deductions and never paying them to the government, and by not paying us for all of the hours we work,

WHEREAS, so that we will be hired, we must buy our own work tools and supply our own transportation to the fields; we must pay our own medical expenses for illnesses and accidents caused by work conditions in the fields; we must constantly request payment of our wages from the growers and crewleaders; and sometimes we lose work time while machines are being repaired, and this time is not paid,

WHEREAS our duty as members of the United Farm Workers of America, AFL-CIO in Texas is to organize to obtain better wages by collective bargaining agreements,

THEREFORE, BE IT RESOLVED that we increase our efforts to organize under the flag of the United Farm Workers to obtain contracts signed by the growers in Texas, which guarantee just wages.

WHEREAS we have no one who will arbitrate justly for us in our disputes or grievances with the growers and foremen regarding wages or working conditions, and

WHEREAS we have no job security, and

WHEREAS, if we migrate to other states for summer employment, when we return to Texas, we are not assured of being rehired at the same company even though we might have an excellent work record at that company over many years;

WHEREAS our duty as members of the United Farm Workers of America, AFL-CIO is to work for and obtain job security, guaranteed by collectively negotiated contracts signed by the growers;

THEREFORE, BE IT RESOLVED that we increase our organizing campaign in Texas under the banner of the United Farm Workers, AFL-CIO, to insure that we have job security guaranteed by contracts signed by the growers,

BE IT FURTHER RESOLVED that we continue in our efforts to establish a procedure for grievances and arbitration in which job disputes are heard and resolved with justice and without fear of reprisals.

WHEREAS the cost of medical care continues to increase daily, and

WHEREAS the federal migrant clinics always have more patients than they can adequately treat with proper medical care, and

Resolution 5: PENSION PLAN FOR THE ELDERLY FARM WORKER

WHEREAS elderly farm workers must do heavy farm work in their old age,

WHEREAS crewleaders deduct social security from the wages of farm workers all their lives and, when farm workers reach retirement age, they discover that the crewleaders did not deposit the deduction with the Social Security Administration, leaving the workers ineligible for Social Security and forcing them to continue working until no longer able,

WHEREAS the low and unjust wages which farm workers receive all their lives make it impossible for elderly farm workers to save money for their old age and retirement,

THEREFORE, BE IT RESOLVED that we members of the United Farm Workers, AFL-CIO in Texas continue our efforts to work for and obtain contracts signed by the growers which include a pension and retirement program for elderly farm workers so that they can retire and live with the families in dignity.

BE IT FURTHER RESOLVED that we members of the United Farm Workers, AFL-CIO in Texas dedicate ourselves to using all legal recourses against every grower and crewleader who robs any farm worker of his/her Social Security until those growers and crewleaders maintain their accounts in good order and stop stealing from the workers.

WHEREAS the lack of sanitary facilities causes many workers to suffer kidney disease and is an affront to our self-respect and dignity;

WHEREAS this practice on the part of the growers and crewleaders shows their lack of respect for the people who make them rich,

WHEREAS our duty as members of the United Farm Workers of America, AFL-CIO, is to obtain contracts signed by the growers that guarantee better working conditions in the fields,

THEREFORE, BE IT RESOLVED that we members of the United Farm Workers, AFL-CIO in Texas increase our efforts to organize farm workers in Texas to obtain collective bargaining agreements with the growers which will guarantee clean toilets in the fields, one for every 10 persons of each sex, as well as clean water to drink and with which to wash our hands.

WHEREAS the lack of clean water harms our health, causing us to lose work and incur medical expense,

WHEREAS we have to carry our own drinking water to the fields with us or, if we do not, we become ill, or, if we forget to take water, the growers or crewleaders sell us soft drinks at an expensive price,

WHEREAS, when no water is provided by the crewleader, a worker is often sent to bring water, causing him to lose time and money, since he is not paid for this errand,

WHEREAS, when cool water is brought to us on rare occasions, the cost of the ice is deducted from our paychecks,

WHEREAS our duty, as members of the United Farm Workers of America, AFL-CIO, is to obtain better working conditions guaranteed by a contract signed with the grower,

THEREFORE, BE IT RESOLVED that we increase our efforts to organize under the flag of the United Farm Workers, AFL-CIO, until we, the farm workers of Texas, sign collectively negotiated contracts that guarantee ice water in the fields and sufficient clean individual cups, all furnished by the grower.

WHEREAS this year, during negotiations for a new contract, Coca Cola refused to increase wages to an adequate level, and ten crews of citrus workers therefore went on strike,

BE IT FURTHER RESOLVED that we commend and express our solidarity with the work of the Farm Labor Organizing Committee of Ohio to achieve better wages and working conditions for agricultural laborers.
Resolution 23: CONDEMN THE BRACERO PROGRAM

WHEREAS, during World War II, because farm workers were scarce, the United States and Mexican governments agreed to import Mexican nationals to do farm work in this country, and

WHEREAS those workers performed extremely well and contributed much toward winning the war, and

WHEREAS the agricultural industry then began to use Mexican workers as a source for cheap, controlled, and exploitable labor, and converted this World War II program into a vicious system of semi-slavery, called the "bracero" program, and used the program to retaliate against workers who asserted their legal and moral rights,

WHEREAS dishonest and greedy employers maintained the bracero program until 1964, when Congress finally ended it after much pressure by labor unions, the churches, and other progressive groups in the United States, and

WHEREAS the growers are again pressuring President Jimmy Carter, the United States Labor Department and the Immigration and Naturalization Service to reinitiate the bracero program, and

WHEREAS last year in Presidio, Texas, it was discovered that the growers continued to use a modified bracero system (called the H-2 program) and abused the workers so much that they went on strike, even risking deportation,

WHEREAS many growers and some officials in Texas, including the Governor and the Mayor of McAllen (himself a very large, rich, and abusive grower), are pressuring to renew the bracero program,

THEREFORE, BE IT RESOLVED that the members of the United Farm Workers of America, AFL-CIO in Texas condemn any and all efforts to renew this hated program of virtual slavery and very strongly urge all federal officials to resist all efforts to reinstitute the bracero program.
Resolution 25: LEGISLATIVE PRIORITY FOR EXTENDING THE TEXAS WORKERS COMPENSATION ACT TO FARM WORKERS

WHEREAS farm workers in Texas are presently excluded from workers compensation benefits, even though agricultural work is the nation's third most dangerous occupation (only behind mining and construction), and

WHEREAS, because of their poverty, field laborers are least able to divert sorely-needed family resources from food, education, clothing and housing, when the family bread-winner or member is injured, and

WHEREAS other major agricultural states (such as California, Michigan, Ohio, Oregon, New York, New Jersey, Hawaii, Wisconsin and Washington) provide such coverage, and

WHEREAS affording workers compensation to farm workers in Texas would save taxpayers revenues presently spent to provide medical, hospital, and welfare expenses for workers too poor to pay the costs of agriculture-related injured, and

WHEREAS the projected cost of extending workers compensation to farm workers in Texas would increase production costs by only approximately 5¢ for every $10 of production costs and those costs would be spread throughout the marketplace, and

WHEREAS the State Insurance Board estimates that 20%-25% of Texas agricultural employers already carry some voluntary compensation and those employers still remain competitive with non-covered employers, and

WHEREAS legislation has been introduced in both the Texas House of Representatives and the Texas Senate to extend compensation coverage to farm workers and passage of that legislation would greatly benefit farm workers throughout Texas,

THEREFORE, BE IT RESOLVED that the members of the United Farm Workers of America, AFL-CIO in Texas actively support legislation to extend workers compensation to farm workers, on a basis equal to that of all workers in Texas.

BE IT FURTHER RESOLVED that those farm workers here assembled hereby establish and proclaim that passage of such compensation coverage be their most important legislative priority in Texas until such legislation becomes law.
Resolution 26: LEGISLATIVE PRIORITY FOR EXTENDING THE TEXAS UNEMPLOYMENT COMPENSATION ACT TO FARM WORKERS

WHEREAS farm workers in Texas are presently denied unemployment compensation benefits in many instances in which workers in all other occupations are entitled to compensation, and

WHEREAS, because of their poverty, field laborers are least able to divert sorely-needed family resources from food, education, clothing and housing, when the family breadwinner or member is unemployed, and

WHEREAS other major agricultural states provide such coverage on a basis equal to that of other workers in the state, and

WHEREAS affording unemployment compensation to farm workers in Texas would save taxpayers revenues presently spent to provide medical and welfare expenses for workers who are unemployed without compensation, and

WHEREAS the projected cost of extending unemployment compensation to farm workers in Texas would increase production costs very little and those costs would be spread throughout the marketplace, and

WHEREAS legislation has been introduced in the Texas House of Representatives to extend full unemployment compensation coverage to farm workers and passage of that legislation would greatly benefit farm workers throughout Texas,

THEREFORE, BE IT RESOLVED that the members of the United Farm Workers of America, AFL-CIO in Texas actively support legislation to extend unemployment compensation to farm workers, on a basis equal to that of all workers in Texas.

BE IT FURTHER RESOLVED that those farm workers here assembled hereby establish and proclaim that passage of such compensation coverage be our second legislative priority in Texas until such legislation becomes law.
Resolution 27: LEGISLATIVE PRIORITY FOR DISABILITY INSURANCE FOR FARM WORKERS

WHEREAS farm laborers work in one of the nation's most dangerous occupations and suffer earlier death and more disease than other workers, and

WHEREAS, because of their poverty, when farm workers are ill or temporarily disabled, they cannot adequately provide food, education, clothing, and housing for their families, and

WHEREAS other major agricultural states (such as California) require employers to provide disability insurance that compensates farm workers for medical expenses and lost wages incurred during periods of disability caused by non-employment-related injury or sickness, and

WHEREAS such disability insurance would save tax revenues presently spent to provide medical, hospital, and welfare expenses for ill or disabled workers, and

WHEREAS the cost of growers providing disability insurance for farm workers would increase production costs very little and those costs could be spread throughout the market place,

THEREFORE BE IT RESOLVED that members of the United Farm Workers of America, AFL-CIO, in Texas actively establish as a priority and support legislation to enact a disability insurance program for farm workers, similar to that provided for workers in California.
Resolution 28: EXPRESSION OF SYMPATHY AND CONDOLENCE TO THE FAMILY OF RUFINO CONTRERAS

WHEREAS, on February 10, 1979, our brother Rufino Contreras was killed by a ranch foreman in California's Imperial Valley while peacefully attempting to persuade other farm workers to join the Union's effort to obtain just wages, and

WHEREAS Rufino Contreras gave his life for all farm workers so that we could enjoy the just wages which we deserve and with which we may provide for the necessities of our children, and

WHEREAS the murder of Rufino Contreras has wrongly deprived his two children of their father; and his wife, of her husband, and

WHEREAS we feel great sorrow at this needless loss of our brother Rufino's life, and

THEREFORE BE IT RESOLVED that all farm workers here assembled in Convocation in Texas on February 25, 1979, express our sorrow and condolence to the wife and children of Rufino Contreras, and

BE IT FURTHER RESOLVED that we members of the United Farm Workers, AFL-CIO, in Texas resolve even more strongly to organize ourselves into one strong national Union for which Rufino gave his life, and

BE IT FURTHER RESOLVED that this Convocation request the President of the Union, Cesar E. Chavez, to send this resolution of condolence and sorrow to the family of Rufino Contreras.
Resolution 29: CONDEMNING VIOLENCE BY THE CALIFORNIA GROWERS

WHEREAS our brothers and sisters in California's Imperial Valley are striking for better wages and working conditions and their victory will benefit all farm workers throughout the country, and

WHEREAS the California growers have refused to negotiate collectively with the workers in good faith and are attempting to break and destroy the workers' efforts for better wages and working conditions, and

WHEREAS the California growers have repeatedly resorted to violence in order to destroy our Union and have lately taken the life of our brother Rufino Contreras, leaving behind a widow and two young children without their father, and

WHEREAS, if the growers in California succeed in using violence against farm workers, growers throughout the country will do the same, as did C.L. Miller who shot eleven of our brother workers in Texas in 1975, and

WHEREAS the growers in California refuse to negotiate and share the wealth that they make from the sweat of the workers,

THEREFORE BE IT RESOLVED that we members of United Farm Workers of America AFL-CIO in Texas, many of whom work in California, strongly denounce the growers' use of violence against striking farm workers and members of the Union, and

BE IT FURTHER RESOLVED that we members of the Union in Texas advise all our brothers and sisters in Texas not to work in California until the strike is over and workers have won their just demands, and

BE IT FURTHER RESOLVED that we organize even more strongly to obtain the justice that we seek, without, however, using violence as like the growers do.
 Resolution 30: CONDEMNING CARTER ADMINISTRATION'S 7% WAGE INCREASE GUIDELINES

WHEREAS the cost of living continues to rise every month and our food and medical services become more and more expensive, and

WHEREAS farm workers cannot survive with the high cost of living because our wages are already very low, among the lowest of any workers, and

WHEREAS President Jimmy Carter himself a grower, wants our brothers and sisters in the Union to limit themselves to a 7% raise in wages each year (even though the cost of living is much higher) but he does not ask the growers to make any such sacrifice at all, and

WHEREAS growers continue to make great profits, such as in Hidalgo County last year which is the nation's third wealthiest agricultural county, and

WHEREAS piece rates for fruit and vegetables in Texas have increased very little over the past few years, but because of the high cost of living and inflation, our wages have really decreased, and

WHEREAS we only earn about 1.2¢ for every 69¢ head of lettuce or .5¢ for every 25¢ grapefruit that sell in the stores,

THEREFORE BE IT RESOLVED that farm workers gathered in convention in San Juan, Texas, hereby denounce any efforts by President Carter, the government, or the growers, to limit the wage increases of farm workers to only 7% per year.

BE IT FURTHER RESOLVED that farm workers be guaranteed an annual increase in wages to match any rise in the cost of living so that our wages adjust to meet the cost of living and all raises that we earn will be real increases in our wages.
Resolution 16: UNA SOLA UNION - ONE UNION FOR FARM WORKERS

WHEREAS there are more than 200,000 farm workers in Texas and we are the poorest and most exploited workers in this rich country, and

WHEREAS, the growers hold the power over our lives and will never allow us to better our lives until we organize ourselves into one strong, national union,

WHEREAS farm workers can gain economic power only if we organize under the flag of the United Farm Workers of America, AFL-CIO, the union which has proven itself to the workers and which the workers have supported over the years,

WHEREAS the United Farm Workers, AFL-CIO, after years of struggle, has obtained better wages and working conditions for farm workers so that more than 100,000 persons throughout the country are now working under the protection of union contracts;

WHEREAS the AFL-CIO mandate to the United Farm Workers is to organize all farm workers in this country into one union,

THEREFORE, BE IT RESOLVED by this convocation in Texas that we continue organizing always under the direction of only one union, the United Farm Workers, AFL-CIO, guided by our leader, César Chávez, to create and maintain the strength of our numbers.
